2. I am a co-inventor in the above-identified application.
3. I am a co-inventor in Japanese publication number 2000-149886.
4. Kenshin Kitoh and I are co-inventors of the subject matter recited in claims 2, 10, 18 and 19 of the above-identified patent application.

6. I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and/or imprisonment under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing therefrom.
